

Dear

We are serving a widow to fund an adoption...

WILL YOU SPONSOR US?

On October 9th, we'll be serving Ms. Sandra at no cost to her. We've gathered supplies for her home, and now we need sponsorship funds to help the Washburn's adoption!

Heather and Mike have one biological child and the desire to expand their family. That desire, and their passion for helping children, lead to Foster Care. After 5 years of fostering and 2 incomplete adoptions, they decided to put foster care on pause. That's when God took over.

He brought Daidrian and Alaya into their life. God continued to prepare the Washburn's for His plan to save Daidrian and Alaya from their traumatic environment. Reminded of the promise God gave them for more children, the Washburn's fought for the children's safety and future. Now, they are able to make the kids official members of the Washburn family.

Your sponsorship of our Both Hands project will help fund the Washburn's adoption!

Ms. Sandra lost her husband 16 years ago. They opened Springfield Printing in 1975 which she still owns and operates. Today, her home is in need of some tender loving care and we feel honored to bless her with this service project. Ms. Sandra said, "No one has offered to help me like this before." We are thankful to be the help she needs.

YOUR SPONSORSHIP MATTERS!

Our goal is \$40,000! Half of the funding will go to the adoption of Daidrian and Alaya as well as music education and trauma healing for them provided by Love Learning Music. The other half of the funds raised will go to Love Learning Music to help other underserved children in the greater Nashville area!
